

Cowls and hoods

KHE – R1F

The KHE-R1F is a heavy-duty ventilation jet cowl for marine applications.

Standard sizes
250 – 1.000
mm

Summary

Design

Long experience has contributed to a simple and functional construction. The KHE-R1F is a jet cowl for upwards discharge of air.

Functional design protects against seawater spray and rain, with drainage.

It is available for duct sizes from $\varnothing 250$ til $\varnothing 1000$.

Execution

Normally manufactured in Grade A ship steel, hot dip galvanizes.

Can also be produced in other materials such as sea water resistant aluminium or stainless steel (AISI 304/316).
